April Shoot Notes

It's finally the time of year for our two day. There are bigger shoots, but I always have the most fun at ours. This year looks like a good one. We've got a lot of new targets and mid-sections. Billy and the crew have the range in good shape and it looks like the rain will get out of the way earlier in the week. This year I might try something different. I'm thinking about becoming the high tech, foam core, carbon fiber, three under, yardage estimating, state champ. Then again I just might shoot my usual and try to keep up with Tim. Anyway, everyone try to show up and shoot in all the classes you can. There will be the usual coon shoot, smoker round, long range, and novelty. Lots of food and the trade blanket. Lots of good times for all. See you on the range.
